RE: Revised Rate Tariffs to Reflect Fuel Adjustment  
SCPSC Docket No. 2008-001-E

Dear Mr. Terreni:

Pursuant to the Public Service Commission of South Carolina's Order No. 2008-470, in the above referenced docket, Carolina Power & Light Company's d/b/a Progress Energy Carolinas, Inc. has electronically filed to update rate schedules, riders and other tariffs that reflect the approved fuel and environmental compliance rates on the Commission's e-tariff system. In all residential schedules, the paragraph describing the "RESIDENTIAL SERVICE LOAD CONTROL RIDER NO. 56 TERMINATION RIDER" has been removed. The rate reduction resulting from the elimination of this rider continues to be reflected in the Monthly Rate, but the paragraph is no longer included in the tariff to eliminate potential confusion regarding the Company's new proposed residential load control program.

Additionally, the "PAYMENTS" paragraph included in each schedule has also been updated to increase the additional charge for late payment from 1% to 1.5% as permitted by Rule 103-339(3). All South Carolina customers were notified of this change by bill message with their June bill.

Very truly yours,
